**RULES FROM USHJA/USEF – From “USJA Jumper Rules Page 946 and 947 (page 32 of 43 of PDF)”**

Table II Section 1

“Time First Round (Table II, Sec. 1)- The first round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. Horses with clean rounds or equal faults are classified according to their time taken to complete the course. (Note: it is recommended that Table II Sec. 1 be conducted over a Table II course rather than a Table III course.)”

Table II Section 2b

“Table II, Sec. 2(b) – The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clean in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment; however, upon the audible signal to begin his/her round, the competitor is responsible to adhering to the 45 seconds rule as per JP136.3. A competitor who leaves the arena after a clear round (before or after the tone) will be considered to have retired from the jump-off. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults. It is recommended that no more than 10 numbered obstacles be included in the first round when the class is scored under this table.”

Table II Section 2c

“Two Phase Competitions – The first phase to consist of 8 to 10 jumping efforts and the second phase (immediate jump-off) of 5 to 7 jumping efforts. Scores are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed if any. If a competitor has gone clean in the first round, he will, upon crossing the finish line, commence the designated jump-off course. Time starts as the horse crosses the finish line for the initial course. If there are no clean rounds and a tie exists for first place, there will be one jump-off, in which time will decide in the even of equality of faults. The use of a Time Allowed is optional in the first round. The Time Allowed in the first round may be taken by electronic or manual means.”

Gambler's Choice

Page 949-950

Synopsis: Each jumping effort is given a point value. Rider creates course to obtain the most possible points within a time limit. Some limitations apply. Details will be posted along with courses for other classes on the day of the show.
