RULES FROM USHJA/USEF – From "USJA Jumper (JP - 31 of PDF)"

"2. Time First Round (Table II, Sec. 1)—The first round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. Horses with clear rounds or equal faults are classified according to their time taken to complete the course. (Note: it is recommended that Table II Sec. 1 be conducted over a Table II course rather than a Table III course.)
3.... Table II, Sec. 2 (b)—The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clear in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment; however, upon the audible signal to begin their round, the competitor is responsible to adhering to the 45 seconds rule as per JP137.3. In case of a fall of a Rider and/or Horse after crossing the finish line of the first round, the Rider/Horse combination may not continue to the jump-off, and will be placed according to their Score in the first round. A competitor who leaves the arena after a clear round (before or after the tone) will be considered to have withdrawn from the jump-off (exception JP138.1). If there are no clear rounds and a tie exists for first place, the results will be determined by the scores and time from that round. It is recommended that no more than twelve numbered obstacles be included in the first round when the class is scored under this table.

d. Table II, Sec. 2 (c)—Two Phase Competitions - The first phase to consist of 8 to 10 jumping efforts and the second phase of 5 to 7

jumping efforts. Scores are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed if any. If a competitor has gone clear in the first phase, they will, upon crossing the finish line, commence the second phase course. Time starts as the horse crosses the finish line of the first phase. If there are no clear rounds and a tie exists for first place, the results will be determined by the scores and time from the first phase. The use of a Time Allowed is optional in the first phase. If a Time Allowed is not used in the first phase then those with equal faults will remain tied.
